Texas and Louisiana Visited by a Destructive Storm.

ATTENDED WITH LOSS OF LIFE.

One Person Known to Have Been Killed and Others May Have Perished—Many Houses Demolished and Other Property Destroyed—The Full Extent of the Havoc Wrought Is Now Unknown.

SHERMAN, Tex., Oct. 29.—Yesterday afternoon at 5:45 o'clock a well defined tornado formed in Squirrel Creek bottom, four miles west of the village of Farmington and about 100 miles southwest of this city. Parties who saw it at its inception say that out of a seething, tumbling mass of inky clouds a funnel shaped column descended until it touched the earth and then it began to move northeastward accompanied by the usual terrific crash and roar as it tore through the bottoms, uprooting large trees and demolishing everything in its path which for the first mile or two was 30 or 40 yards in width.

The first house it is known to have struck was on the George Duke farm, one mile west of Howe and about five miles from the starting point. No one was hurt at this place.

From this point until it struck the Jim Farris farm, two miles south of this city, a distance of perhaps two miles, it is known to have risen and descended several times and what damage it did has not been ascertained. Several parties have gone to that section, but it will be several hours before definite information can be had.

At the Farris place a tenant hut occupied by a family named Hayes was literally torn to pieces, and every member of the family were more or less injured. Hayes is thought to be fatally hurt.

The path of the storm lay at least a mile and a half east of the city, but the cloudburst which accompanied it was furious in the eastern suburbs of the city. The houses as far down as Cleveland avenue are mud-bespattered, the same as was the case during the great storm of May 15. After tearing down a vacant house east of the Clem Witch place on the Bonham road, about a mile east of College Park suburb, the cloud rose in the air and went a distance of two miles, when it descended again.

DAMAGE DONE IN NEW ORLEANS.

One Person Killed and a Vast Amount of Property Destroyed.

ST. LOUIS, Oct. 29.—A special to The Republic from New Orleans says a severe rain, wind and thunderstorm, which passed over New Orleans yesterday, caused one death and did other damage.

The lightning, which was very heavy, struck five houses. Albert Trahnia, an occupant of one of them, was struck and instantly killed.

A large number of trees were blown down and houses were unroofed.

The greater portion of the fruit sheds of the Queen and Crescent road were destroyed, as well as several electric lights and nearly all the wires were tangled so as to interrupt the fire alarm telegraph and stop most of the electric cars.

NATURAL GAS EXPLOSION.

One Person Killed, Two Badly Injured and Another Driven Insane.

PITTSBURG, Oct. 29.—An explosion of natural gas at Avalon, a suburb of Allegheny, about 1:30 yesterday morning, killed Bessie Osborne, aged 13 years, and terribly injured her brother Gale, aged 9 years, and her sister Edith, aged 6 years. The house was badly wrecked. The explosion was caused by a leak in the kitchen pipes.

A sad sequel to the death of Bessie Osborne developed yesterday evening when Walter S. Ritchey, a cousin of the young girl, became violently insane and attempted to murder the members of his family. Ritchey is 24 years old, and the son of highly respected parents, living in Allegheny. He was exceedingly fond of his cousin Bessie, and the shock caused by her terrible death, it is supposed, unsettled his reason. He is now confined in a padded cell in the Allegheny general hospital a raving maniac.

LIFT FOR FARMERS.

The Hated Russian Thistle Is Worth \$1.50 a Ton.

CHAMBERLAIN, S. D., Oct. 29.—As a result of experiments last winter the mill at Castalia will again this winter use the Russian thistle for fuel in place of coal. The proprietor of the mill offers farmers \$1.50 per ton for all the thistles they can bring in.

Thus the farmers in that section will receive an income from what has heretofore been one of their greatest enemies, the thistles growing in such profusion in some localities that small grain has been completely crowded out.

Passenger Ran Into a Freight.

NEW ORLEANS, Oct. 29.—A wreck occurred yesterday on the Illinois Central at Tangipahoa, La. The Louisville and Cincinnati fast mail ran into the rear of a freight train. Engineer Bevin and his fireman jumped and escaped with bruises. The passengers were badly shaken up and some of them frightened and bruised, but none were killed or badly hurt. Much property damage was done.

TERRE HAUTE, Ind., Oct. 29.—Senator Voorhees has so far recovered from his prolonged illness as to be able to drive about the city.

GOT NOTHING.

Three Masked Men Attempt a Hold-Up, but Make a Failure.

NEW YORK, Oct. 29.—J. H. Bertine, a business man of this city, and his daughter, Mary, were the victims of three bold highwaymen last night while they were driving from the railroad station to their home at Pelham Manor. They were driving along a dark and lonely road, when three masked men suddenly sprang from the side of the road and stopped the horse, which one of the men held by the bridle while the other two, with drawn revolvers, commanded Mr. Bertine and his daughter to give up their valuables.

Mr. Bertine made a move to grapple with one of the robbers, when several pistol shots were fired in rapid succession. One of the bullets cut a gash in Mr. Bertine's neck and two entered the horse's head, killing it. By this time the noise of the shooting had attracted the occupants of the houses nearby, who hurried to the assistance of Mr. Bertine and his daughter. The highwaymen fled. Mr. Bertine's wound is not serious.

VERY NEAR A RUNAWAY.

Mrs. Cleveland and a Friend Meet With a Small Accident.

WASHINGTON, Oct. 29.—The horses attached to the president's victoria, which contained Mrs. Cleveland and a friend, became frightened yesterday afternoon at the large iron derrick in front of the treasury building. The bay horse reared back while the chestnut started forward and fell. The alertness of the footman, who jumped from the seat and quickly jerked the fallen animal to his feet, kept the other animal from trotting on its fallen mate.

As soon as the chestnut had regained its footing, the team dashed around the corner into F street at a furious gait. Coachman Beckett, who held the reins, retained his presence of mind and quickly checked the runaways before any serious damage happened.

The occupants of the victoria were the calmest people in the crowd.

After letting the horses stand for a few moments, Mr. Beckett whipped them up and proceeded down F street, the same as if the accident had never happened.

KNOCKING AT UNION'S DOOR.

The People of Arizona Are a Unit in Favor of Statehood.

WASHINGTON, Oct. 29.—The people of Arizona are a unit in favor of statehood says Governor Benjamin Franklin in his annual report to Secretary Francis. The report is one of the most voluminous and profusely illustrated received for years at the department.

It shows that the total mining output of the territory for the year was \$13,975,263. Of this amount gold aggregated \$5,200,000, exclusive of about \$600,000 taken by prospectors and placer miners, and the total is a year's increase of \$940,000. The total product of gold, silver and copper in Arizona for the 20 years, ending June 30 last, aggregated \$127,166,016.

The cattle shipments from the territory from Jan. 1, 1894, to June 20, 1896, reached 595,379 head.

The territorial board returns show the value of taxable property has gained \$500,000 during the year, and conservative men claim the actual valuation to be \$90,000,000.

MEDALS OF HONOR.

Two Heroes of the Rebellion at Last Recognized by the Government.

WASHINGTON, Oct. 29.—A medal of honor has been awarded to Milton L. Haney, late chaplain Fifty-fifth Illinois volunteers. At the battle of Atlanta, July 22, 1864, the chaplain voluntarily carried a musket in the ranks of his regiment and rendered heroic service in retaking the federal works which had been captured by the enemy.

A medal of honor has also been presented to Frederick W. Fout, late sergeant of the Fifteenth battery, Indiana light artillery. In action near Harper's Ferry, Va., Sept. 15, 1862, this officer voluntarily gathered the men of the battery together, remanned the guns which had been ordered abandoned by an officer, opened fire and kept it up until the enemy surrendered.

Political Parade Assaulted.

NEW HAVEN, Oct. 29.—An attack was made upon a Republican parade in Fair Haven last night, during which a revolver was discharged and a member of the Young Men's Republican club received the bullet in his right arm, making a dangerous wound, while at another section of the parade stones and bricks were thrown and ex-Councilman I. Atwater, a member of the New Haven Gold Legion, was struck on the head, cutting quite a severe gash and rendering him senseless. The sections that were attacked broke ranks and started for the roughs, but they escaped.

EX-SPEAKER CRISP'S SUCCESSOR.

ATLANTA, Oct. 29.—Telegrams to The Journal from the various counties of the Third district show that there will be practically no opposition to the suggestion, made originally by The Journal, that Charles R. Crisp, youngest son of the late ex-Speaker Crisp, be named to fill out his father's unexpired term.

Royalty Soreheaded.

ROME, Oct. 29.—King Humbert and Queen Margherita and the Prince of Naples and his bride, Princess Helene, listened to a grand serenade last night from the balcony of the quinal. The approaches to the palace were thronged with a multitude of people and great enthusiasm was manifested.

WEYLER A COWARD.

Is the Captain General of Cuba Afraid of His Life?

HE DARE NOT LEAVE HAVANA.

Will Not Take the Field Because He Thinks That He Can Do More by Remaining in Havana—If Compelled to He May Change His Mind and Do Differently—Interviewed on the Outcome.

NEW YORK, Oct. 29.—A dispatch to The Herald from Havana says: In an interview General Weyler was asked by your correspondent last night: "What do you think about the prospects of putting down the insurrection in the province of Pinar del Rio?"

The general replied that he thought the chances were excellent for the complete success of the Spanish arms in that province. He had been of this opinion for some time, he said, and the recent victories of General Munoz at Cacajicara and General Arolas at Artemisa had only confirmed him in his belief of freeing the province of all insurgents.

"It is a fact that you have decided to take the field in person, General Weyler?" asked your correspondent.

"There is nothing absolutely decided on that subject here in Havana. I am in telegraphic connection with my generals everywhere and can direct the movements of all my forces. Here I can follow the course of events, civil, political and military. I have so far believed that my best work could be done here. Here I can better direct operations; here I have in my hands the control of telegraphs, heliographs, railroads and steamships—in fact, everything which can further my efforts to bring the war to a close. Once in the field, my scope would be limited to that of a commander of an army corps."

In reply to a question about the proceeding against the Competitor prisoners, General Weyler explained that at present simply a preliminary hearing had been accorded, the nature of which would not be made public. When the military tribunal should begin the regular inquiry the testimony taken, the general said, would be given out.

Consul Lee Coming Home.

HAVANA, Oct. 29.—General Fitzhugh Lee, the United States consul general, has informed the correspondent of the Associated Press that he will sail for New York on Saturday. General Lee said that the purpose of his trip was to visit his family and attend to private business.

NINE DEATHS IN ALL.

Result of the Collision Near St. Louis Last Sunday.

ST. LOUIS, Oct. 29.—The coroner's jury that investigated the collision of Sunday, which resulted so fatally, has returned a verdict, finding that it was due to the carelessness of George Atwood, conductor, and J. A. Dryden, engineer, in charge of the westbound train and the failure of the St. Louis and San Francisco Railroad company in this case to exercise proper supervision over the movement of its trains.

Another name must be added to the list of fatalities. John H. Dressing, a painter, is unconscious, and the attending physicians state that he can not live. This will make nine deaths as a result of the wreck.

Carlisle in Louisville.

LOUISVILLE, Oct. 29.—This stronghold of the Kentucky gold standard Democracy fairly outdid itself last night. If Secretary Carlisle has had cause to doubt the hospitality of his native state he may readily have forgotten it in the cordiality of his reception here last night. No larger crowd has turned out here during this campaign and no more brilliant gathering has greeted any speaker in Louisville. The extent of the demonstration was a surprise to even the most enthusiastic admirers of the great Kentuckian.

Struck by a Train.

CINCINNATI, Oct. 29.—Mrs. Sophia Klauke, wife of a dairyman, was killed at Kennedy Heights on Wednesday morning by being struck by a C. J. & M. train while attempting to cross the tracks with a horse and buggy. The locomotive struck the vehicle, throwing Mrs. Klauke 50 feet from the track. When picked up she was unconscious and died soon after. The unfortunate woman was almost 60 years of age and, it is thought, did not hear the approaching train.

Fast Traveling by Rail.

CLEVELAND, Oct. 29.—An Erie passenger train broke the record for the run from Pittsburg to Cleveland yesterday afternoon. It consisted of a locomotive and five cars, containing 197 passengers, who were members of the American club of Pittsburg, and a brass band. The distance over the Erie and Pittsburg and Lake Erie railways is 135 miles, and there was a stop of four minutes at Youngstown, O. The trip was made in two hours and 34 minutes.

PINE BLUFF, Ark., Oct. 29.—Billy O'Donnell of Memphis knocked out Jimmy Griffin of San Francisco in four rounds before the Pine Bluff Athletic club last night. The men fought at 140 pounds for a small purse.

Thrown From a Horse.

RICHMOND, Ky., Oct. 29.—C. C. Norris, a prominent farmer of this place, was thrown from a horse and sustained injuries that are likely to prove fatal.

LONG JOURNEYS.

The Latest From Alaska and the Northern Gold Fields.

SEATTLE, Wash., Oct. 29.—Right Rev. Peter Trimble Rowe, bishop of Alaska, is back in Sitka after a 3,000-mile journey through the Yukon valley, thence across Bering sea to Unalaska and to Siberia, returning via Kodiak.

Dr. Windt, the English traveler, who is making an overland trip around the world, was left on Siberian soil by the cutter Bear. Bishop Rowe says Dr. Windt established camp there, where he will remain till winter begins. Across a portion of the trackless wastes of the czar's domain, Dr. Windt will have as escort one of the best known chiefs in Siberia.

William T. Fee is the latest arrival in Juneau from the Yukon placers. He says the season has been the most successful yet had by the miners. Deadwood Creek is the banner district, a man named Anderson taking out over \$19,000 this year. A new discovery was made on Cloldyke river and 200 claims have been staked out. Several new finds have been made on Birch Creek district. The gold so far taken out is small in value in comparison to what will be taken out in the future.

KATE FIELD'S REMAINS.

To Be Cremated in San Francisco and Ashes Sent to Boston.

SAN FRANCISCO, Oct. 29.—The body of Miss Kate Field is expected to arrive at any hour from Honolulu. Mrs. Sol. Smith, a cousin of Miss Field's and a member of the Julia Marlowe-Taber company, is here, and will receive the remains.

At the urgent solicitation of a number of Miss Field's surviving relatives the body will be cremated in this city with appropriate services, and the ashes forwarded to Boston for final interment in Mount Auburn cemetery in accordance with the will of Miss Field, which was recently found.

Mr. H. H. Kohlisaat of the Chicago Times-Herald, on whose staff Miss Field was engaged at the time of her death, has telegraphed, saying he will bear all the expenses.

BRUSSELS FAIR.

United States Commissioners Have Completed Arrangements For Participation.

WASHINGTON, Oct. 29.—The United States commissioners to the Brussels international exposition of 1897, acting under the direction of the state department, have completed their plans for American participation in the affair, and have appealed to manufacturers and producers to seize the opportunity for introducing their products in foreign markets.

Professor J. H. Gore of Columbian university, of this city, and Professor Thomas Wilson of the Smithsonian, will have charge of the displays. Applications for space will be received until Jan. 1, and exhibits must be in place by April 15.

VETERAN EDITOR DEAD.

Daniel V. Bennett Passes Away at His Brooklyn Home.

NEW YORK, Oct. 29.—Daniel V. Bennett, who founded the first newspaper ever published at Piqua, O., has died at his home in Brooklyn at the age of 79 years.

While in the west he kept the Bernard House in Cincinnati and there made the acquaintance of Abraham Lincoln, Governor O. P. Morton and Allen G. Thurman. He removed to the east in 1865. For some time he was employed in the treasury department at Washington.

King of the Half-Mile Turf.

MEDFORD, Mass., Oct. 29.—Joe Patchen again proved his reputation as king of the half-mile track at Combination park yesterday, and lowered all previous marks made by himself by pacing a mile in 2:04 1-4, lowering the time of the mile made over this track last August by a full second. He was paced by the running horse Little Friend, and made the two rounds of the track without a break.

Highway Robbers Commit Murder.

NORRISTOWN, Pa., Oct. 29.—Charles Kaiser, Jr., and his wife, Emma, while driving along a lonely road near here last night, were held up by highwaymen. Mrs. Kaiser was shot through the head and instantly killed, and her husband wounded. The robbers secured a quantity of money and jewelry, and escaped. The woman was 22 years old.

Wage Question Settled.

PORTLAND, Ind., Oct. 29.—The Gem window glass factory at Dunkirk, a 12-point concern, with 65 employees, commenced blowing glass this morning. The managers signed the scale proposed by the workers and started the factory on their terms. The Enterprise factory, of the same place, will go to work as soon as the wage question is settled.

Won't Stay Down.

MADRID, Oct. 29.—An official dispatch from Manila says that a conspiracy has been discovered in the Sulu archipelago, a portion of the Spanish colony of the Philippine islands. Eight soldiers have already been killed in the attempt to suppress the uprising. Reinforcements of troops have been sent from Manila.

WILKESBARRE, Pa., Oct. 29.—A car on the Pittston electric railway, crowded with passengers who had come to Wilkesbarre to witness a political parade, jumped the track at Plainville yesterday. Three women were fatally hurt and a score seriously injured.

ARMENIANS LANDED.

Those on Ellis Island Will Not Be Sent Back.

GLAD NEWS TO THE REFUGEES.

The Treasury Department Approves of Commissioner Senner's Actions—Lady Henry Somerset Willing to Give Her Personal Bond That None of Them Will Become Charges of the Government.

NEW YORK, Oct. 29.—Immigration Commissioner Dr. Joseph H. Senner has received from the treasury department at Washington a telegraphic reply to a communication he had written regarding the disposition of a number of Armenian refugees now at Ellis island. It was as follows:

"The department approves your action in Armenian matter as reported in your letter of 23d inst., and the future course indicated therein. Your recommendations as to accepting any of bonds will be considered in connection with the papers received."

The telegram was signed by W. E. Curtis, acting secretary. Dr. Senner had recommended the following: First—To insist upon proper distribution of Armenians, so as not to congest the labor market in any particular branch or location.

Secondly—As they are unquestionably assisted immigrants they must provide proper bonds, so as to secure the country before landing against their being supported by the federal authorities.

There are 274 Armenians left on Ellis island, six having been released Tuesday. Susan B. Fessenden, president of the Massachusetts board of the Woman's Christian Temperance union, has promised bonds for 100, and Commissioner Senner expects that the Salvation Army will secure bonds for 100 more. It is not thought that any will have to be deported.

One Hundred Landed.

NEW YORK, Oct. 29.—Lady Henry Somerset cabled as follows to Assistant Commissioner of Immigration McSweeney at Ellis island:

"I make the declaration that I will give my personal bond in case any of the Armenians who arrived on the Odiam or California are likely to become public charges. I will be answerable for the removal from the United States of such persons."

Commissioners Senner and McSweeney then arranged with Mrs. Fessenden of the Woman's Christian Temperance union of Massachusetts to admit 100 of the 275 Armenian immigrants on bonds procured by Mrs. Fessenden in Boston, that the immigrants shall not become public charges.

NEW WAR VESSELS.

Three Battleships and Six Gunboats Named by Secretary Herbert.

WASHINGTON, Oct. 29.—Secretary of the Navy Herbert, before leaving for Alabama, selected the names for the new battleships and gunboats now under construction. The three battleships will be known as the Alabama, Illinois and Wisconsin. The gunboats will bear the names Annapolis, Marietta, Newport, Princeton, Vicksburg and Wheeling.

The vessels which will bear the above names are now under construction at the following places: Illinois, at Newport News, Va.; Alabama, at Cramps, Philadelphia; Wisconsin, at the Union iron work; Annapolis at Nixon's, Elizabeth, N. J.; Vicksburg and Newport, at the Bath iron works, Maine; Princeton, at Dialogue's Camden works; the Wheeling and Marietta, at the Union iron works, San Francisco.

KILLED A LITTLE BOY.

A Young Farmer's Vicious Revenge Upon His Employer.

GALESVILLE, Wis., Oct. 29.—The 3-year-old son of Oscar Marshall, a North Bend farmer, has been murdered by a young hired man named Palmer. Marshall and the man had a quarrel and to get even with his employer Palmer took the little boy to the barn and deliberately crushed his skull with an ax.

Palmer afterwards pretended to poison himself but later on made a complete confession. Excitement runs high and lynching may follow. The murderer is 18 years old.

Carried Powder From a Burning Building.

HIGHLAND, N. Y., Oct. 29.—Fire broke out in Eugene Patten's dwelling at Milton, and in two hours swept away the business portion of the town. The loss is about \$50,000, partly covered by insurance. While the fire was the hottest, Michael Dodd, a clerk in Noland & Spratt's store, distinguished himself by carrying out 150 pounds of powder.

Found With Broken Neck.

MAYSVILLE, Ky., Oct. 29.—Mr. Alexander Mattingly of near Mount Gilead was found dead in the woods late Tuesday evening, his neck being broken. He had been hauling wood and the supposition is that his team ran off, causing the accident, which cost his life. Mr. Mattingly was well known throughout this section.

ELYRIA, O., Oct. 29.—George Billings, Tom Duross, J. Fitzgibbons and Patsy Moore escaped from the county jail yesterday morning at 8 o'clock by picking a lock. They were all recaptured within an hour by officers and a large posse of citizens. The men are a desperate lot and all are charged with robbery. The jail here is so crowded that some are kept in the corridors.

THE Enquirer truthfully remarks, "the newspapers which are kicking most violently because Carlisle and Cockran are not well received are those which used to call them by the hardest names. They despise them both now, but cannot be blamed for getting all they can out of the bolters. In warfare a general does not hesitate to learn all he can from a desert-er."

THE silliest talk growing out of that Covington affair is the statement in the Louisville Courier-Journal that sound-money Democrats will now vote for McKinley just to rebuke those who insulted Mr. Carlisle. The most natural supposition is that if any so-called Democrat wished to rebuke Mr. Carlisle's insulters he would vote for Mr. Carlisle's ticket,—Palmer and Buckner. See? Verily the talk is the silliest stuff we have seen the C. J. put forth since it left the Democratic party. One is constrained to believe that paper has some more lunatics in charge of its editorial and news columns.

It is generally conceded that the Republicans will spend an enormous fund next Tuesday to buy the Presidency, if it can be bought. This money has been put up by the Wall street gang of Hannanites and the trusts and monopolies. *Whenever such men put up money they expect to get it back, with compound interest. That's what they will do in this instance, if McKinley is elected.* But who will have to pay this money? IT WILL EVENTUALLY BE WRUNG FROM THE FARMERS AND WORKINGMEN—THE PRODUCERS OF THIS COUNTRY. THE ONLY WAY TO KEEP FROM PAYING BACK THIS ENORMOUS CORRUPTION FUND IS TO DEFEAT MCKINLEY.

Bryan is caricatured, just as Lincoln was, as a highwayman, as a pirate, even as the devil, and in many similar ways. Whether Bryan's political views are entirely correct or not, who can deny that he is a citizen of whom any nation in the world might boast? Whether we consider the sustained ability of his addresses, his gentlemanly endurance of slander and misrepresentation, his unswerving public career, or the magnetism of his unaffected cordiality to the sweat-stained masses that greet him at every depot, we can not avoid admiring him as a sturdy specimen of our American manhood. Compare him with the haggard individual, who trembles in his mortgaged house lest Hanna may foreclose. Compare him with that unfortunate Napoleon who has already met his Wellington and surrendered his convictions, and it is plain to see which best represents the principles of the Declaration of Independence.—Rev. Herbert U. Casson of Lynn, Mass.

QUERY FOR ANARCHY HOWLERS.
 If our respected Bryan stands on an anarchical platform, what did our revered Lincoln stand on in 1860?

Here are extracts from the Chicago platforms—Lincoln's in 1860, Bryan's in 1893. Ask the anarchy shouters which is what and what is which?

"We denounce ar-
 bitrary interference
 by federal authori-
 ties in local affairs,
 soil of any State or
 as a violation of the
 Constitution of the
 United States and a
 gravamine against
 free est of crimes."

After quoting one of the above, Lincoln in his inaugural address, said:
 " * * * That all the protection,
 which consistently with the Constitution
 and the laws can be given, will be cheer-
 fully given to all the States when law-
 fully demanded. * * * "

There is no joy in this world equal to the happiness of motherhood. A woman's health is her dearest possession. Good looks, good times, happiness, love and its continuance, depends on her health. Almost all of the sickness of women is traceable directly or indirectly to some derangement of the organs distinctly feminine. Troubles of this kind are often neglected because a very natural and proper modesty keeps women away from physicians, whose insistence upon examination and local treatment is generally as useless as it is common. Dr. Pierce's Favorite Prescription will do more for them than 99 doctors in 10. It will do more than the hundredth doctor can unless he prescribes it. It is a prescription of Dr. R. V. Pierce, who for 30 years has been chief consulting physician of the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y.

REV. DR. BOLLING.

The Well-Known South Methodist Minister Pays a Grand Tribute to Bryan.

Some of Those Who Oppose Him Present a Pitiabie Spectacle in a Measure of Morals.

Rev. W. T. Bolling, of Lexington, is one of the ablest and most eloquent ministers of the Kentucky Conference, M. E. Church, South. He pays the following tribute to Bryan, which will be read with general interest:

"Among all the men who have been brought prominently to view amid the commotion incident to this campaign the subject of this sketch rises like a mountain peak amid foothills. From the moment when his splendid presence and burning words captured the convention which nominated him for the highest office in the gift of the people, it has grown upon them, and his manliness has more and more been seen in contrast with those who must be seen in contrast with him to be rightly estimated.

Cultivated, brave, unselfish and incorruptible, he stands unmoved by abuse, spending his life force for his fellowmen, and uncorrupted by the seductive power of gold which has lured so many of the people's once trusted leaders from the path of honest, manly duty.

"Who doubts that at a word from him wealth would have been poured at his feet, and honors been heaped upon him, had he been willing to be less a man and more the servant of greed.

"Against him the waves of partisan passion put in motion by selfish greed to engulf the people in hopeless ruin, have beat in vain, and after months of test there he yet stands the people's rock of Gibraltar, which has spurned these waves, and rolled them back in mad confusion to voice their discomfort in the hoarse bellowing of political anger, against him as impotent as they are restless.

"A politician, and yet consistent; a brave man boldly meeting every foe in open combat, a gentleman under all surroundings, a husband who takes his wife as his closest companion and counselor, and a Christian observing the Sabbath even in the midst of such a campaign as this through which he is passing—this man is too great for the selfish, narrow, sycophant and hypocrite to understand him, and he is so far removed from them in his superb manliness that they, with distorted vision, see him an Anarchist, when he is the personal embodiment of Christian faith, political honesty, the peoples' friend and the advocate of order, which, to be permanent, must grow out of the principle of equal and eternal justice, incorporated in law and made applicable to rich and poor alike.

"To my mind, take him all in all he is THE AMERICAN OF ALL TRUE AMERICANS, AND A MAN AROUND WHOM THE MANHOOD OF THE LAND MAY SAFELY RALLY. Before the power of concentrated littleness in greed he may go down to defeat and a political grave, but in defeat he will be far more royally manly than any who may walk as victor over his grave, and he will live in gigantic proportions of greatness in the court of history when those who traduce him will remain covered under the dust of forgetfulness, accumulated through the years.

"No wonder such a man meets with such fierce opposition, for the political chameleon changing party color for the sake of office, can not understand this man's unswerving fealty to principle; the money monger intent only on private gain can not appreciate his unselfish interest in the poor, while the coward can not appreciate the manly spirit of this man, who refuses to surrender to any foe, or wear any shackles even though the price of his slavery should be the royal robes of wealth.

"Stand up by his side the men who lead the fight against him, and they become pitiable in the measure of moral character and unaltered manhood presented by this man, whose very presence reveals their mental dishonesty and moral sores until they hate him for his purity of life which will not permit him to grovel with them at the price of corruption, to serve in the Court of Mammon.

"If William Jennings Bryan be an Anarchist, then would it be well for this land if such Anarchists constituted its entire population, and that the pretense under the name of Christianity which fawns at the feet of flattering wealth, while masking as the representative of Him who loved the poor, and whose purity purchased death upon the cross, should hide itself from the view of honest manhood. And let such men as Bryan represent Christianity, rather than the petted children of fortune like Ireland, Williams and Newman. To this man, whether in defeat or in victory, every lover of true and free manhood may lift his hat and rightfully pay him honor."

Be Sure You Are Right

And then go ahead. If your blood is impure, your appetite failing, your nerves weak, you may be sure that Hood's Sarsaparilla is what you need. Then take no substitute. Insist upon Hood's and only Hood's. This is the medicine which has the largest sales in the world. Hood's Sarsaparilla is the One True Blood Purifier.

The iron grasp of scrofula has no mercy upon its victims. This demon of the blood is often not satisfied with causing dreadful sores, but racks the body with the pains of rheumatism until Hood's Sarsaparilla cures.

BRYAN'S ELECTION.

Is Effect on Business, According to Ex-Congressman Richard P. Bland, of Missouri.

LEBANON, Mo., October 1.—The immediate effect of the election of Mr. Bryan and a free coinage Congress would be the revival of business activity and prosperity, for the reason that we admit that there would be a rise in prices consequent on the free coinage of silver. People having money and capital would not wait for a bill to pass, until more money was put in circulation, but would immediately begin to put their money to use in the purchase of property, and invest in all kinds of productive enterprises, this to discount and anticipate the rise in prices. They would not wait until the rise actually commenced or took place, but would immediately invest so as to take advantage of the rising market.

This feeling of confidence would cause money to come out of hoarding places to be invested in property and business pursuits. The known and admitted fact that with the free coinage of silver prices would ultimately rise would cause an immediate investment of money so as to take advantage of the rise.

Should McKinley be elected he will have a Senate opposed to him and his policies. He could not turn a wheel; he could do nothing excepting to sit helplessly in the White House, like Cleveland has done and issue bonds from time to time to get gold to maintain the single standard promised in the St. Louis platform. This would be all he could do for the next four years. The election of McKinley would mean no change from present conditions. The election of Bryan all admit would effect a radical change from the plutocratic rule of the last quarter of a century.

Kerr-Payne Nuptials.

LEXINGTON, Ky., October 27.—In the presence of a congregation comprising the most fashionable of Blue Grass society Miss Linda Payne, at high noon, in Christ Episcopal Church, became the bride of Mr. Charles Kerr, a brilliant young attorney. The ceremony was performed by Rev. E. H. Ward. The couple departed this evening for an Eastern trip. Mr. and Mrs. John Stevenson, Mr. and Mrs. Harry Clanney, Mr. and Mrs. Chas. Wooley and Miss Sallie Wooley, of Cincinnati, were present at the wedding as the bride's guests.

The groom's many friends here in his old home join in congratulations and hearty good wishes.

MAKING SILHOUETTES.

Some Instruction In the Art of Producing These Old Time Favorites.

Even in the enlightened days when the art of photography has advanced so very near to perfection there are still some old fashioned people who cling with fondness to these silhouettes. One great thing in their favor is that the least clever among us may, with a little patience and a steady hand, find in them a pleasing recreation and soon become adroit in their execution. But there may be some of our young readers who scarcely know what a silhouette is, and such unenlightened persons we will endeavor briefly to instruct in the almost forgotten art. A few sheets of drawing paper, a pencil and a lamp are all the essentials needed to commence operations.

The operator first fixes a sheet of paper to the wall by inserting a pin in each corner. Then the person whose likeness, or silhouette, is to be taken is seated in a chair close to the wall in such a position as to throw a distinct shadow of his profile (as near life size as possible) on the center of the paper. To secure steadiness a wine glass or some such support is placed between his head and the wall—for the slightest movement often causes failure. Having arranged these matters satisfactorily, the operator proceeds to sketch with a pencil the head and profile of the sitter, and this requires a steady hand and some dispatch, as it is no easy matter to sit in one position for a great length of time perfectly motionless. When the sketch is concluded, little skill will be needed to bring the task to an end. The operator has only with a sharp penknife to cut out the head in the line of the pencil mark. The center part is then thrown aside and the other paper laid on a piece of black cloth, which throws out the features boldly, and if sufficient care has been taken a striking likeness will be the reward.—Happy Thoughts.

MAYSVILLE'S VOTE.

The Registration This Year Shows An Increase of Forty-seven Over 1895.

The Total For 1896 is 1,627—How This Vote is Divided Politically—The Figures.

The special registration closed last evening.

A total of 118 voters took advantage of it, and were added to the list of qualified electors for the ensuing year.

At the regular registration in October 1,509 registered, so the total this year is 1,627.

The registered vote last year was 1,580. This year's registration shows an increase therefore of forty-seven over 1894.

There are 741 Republicans, Democrats 540, "scattering" 346.

POINTS FOR ELECTION OFFICERS.

Important Decision of the Court of Appeals As to Certain Ballots—How to Mark Your Ticket.

The Court of Appeals, in a decision last January, holds that the Canvassing Board, composed of the County Judge, Sheriff and County Clerk, must examine and count or reject all the uncounted and doubtful ballots returned by the election officers, and must not be governed exclusively by certificate of the officers in counting the votes cast.

The next point decided is that a ballot marked with a lead pencil instead of with ink and stencil is valid and must be counted, and further, that marks, blurs or blots on the ballot that appear to be accidental are such distinguishing marks as will invalidate the ballot. If the stencil mark should be made just outside the square that contains the party device or just outside the little square opposite any one candidate's name, it does not invalidate the ballot and it should be counted, that is if the mark is near enough to the device or square to leave no doubt as to the voter's intention.

In order to vote a straight ticket, all that is necessary is to mark a cross just under your party emblem, and inside the square enclosing the emblem. If you wish to vote for a candidate on any other party's ticket, mark a cross under your own party emblem as above, and then mark another cross in the small square at the right of the candidate's name on the other ticket for whom you wish to vote.

BIG BLAZE AT CLARK'S STATION.

Mrs. E. C. Long's Large Stock and Tobacco Barn Destroyed Last Night—Loss \$5,000; Insurance \$2,000.

Mrs. E. C. Long's large stock and tobacco barn at Clark's Station was destroyed by fire between 9 and 10 o'clock last night, together with the contents, farm implements, buggies, harness, &c., &c., and some leaf tobacco.

It was one of the finest barns in the county, and the loss on building and contents is placed at \$5,000. There was \$2,000 insurance on the building, about \$1,000 each in the London, Liverpool and Globe and the Farmers' Mutual Aid Association.

The contents had been insured for \$1,500, but the policy recently expired and had not been renewed.

It is thought that a spark from the evening passenger train started the fire.

REV. JOHN G. ANDERSON, of Millersburg, had a very interesting article in a recent issue of the Saint Louis Presbyterian, published at Columbia, Mo., on the recent centennial celebration of the Washington Presbyterian Church.

THE gentleman of the Second ward, whose disagreement with his tenant, mentioned yesterday, says that he didn't know his tenant's politics; that he had no cause against his tenant for non payment of rent, but has other cause for demanding that his house be vacated.

ELECTION RETURNS.

They Will Be Read at the Opera House Next Tuesday Night—A Special Wire Will Be Put In.

Arrangements have been perfected to have the returns from the election read at the opera house next Tuesday night. The stage will be connected with the Western Union office by a special wire. An operator will be right on the stage, and the bulletins will be read as fast as they are received.

This is the best arrangement ever made for getting the bulletins, and insures Maysville people the news as early as it can possibly be received.

To pay the necessary expenses, admission will be charged as follows: Down stairs, 25 cents; balcony and gallery, 10 cents.

"Gold Yelpers."

If the government has been paying gold interest, it had that right by original agreement, and it may hereafter pay silver interest by the same right. The option is in the government, and it has never been surrendered and never will be. How often must this be repeated before the goldites will consent to accept the fact? We have had enough Shylock talk about "public credit," "good faith," "honor," "understandings," "expectations," and "suppositions." The surest way to kill "public credit, good faith and honor" is to smash down the price of property, paralyze business, pauperize labor, bankrupt enterprise, and drive the people into poverty and despair; and that is precisely the role the gold yelpers are playing.—Chicago Tribune, Jan. 15, 1878.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

OYATION TO THOMAS.

Biggest Meeting Ever Held at Dover—News From the Campaign—Republican Parade.

Dover turned out en masse Tuesday night to hear LaRue Thomas, and the reception tendered the Democratic nominee was one of the most enthusiastic he has met with. In a carriage drawn by white horses, Mr. Thomas was escorted from the station to the hall, the band leading the procession. It was the biggest meeting ever held at Dover.

Mr. Thomas spoke at Germantown yesterday and Sardis last night, but an account of these meetings has not been received.

MR. THOMAS' APPOINTMENTS.

Mr. W. LaRue Thomas, Democratic nominee for Congress, and others will speak at the following places on the dates named:

Murphysville, Thursday afternoon, October 29th, at 2 o'clock.

Mayslick, Thursday night, October 29th, at 7.

Plumville, Friday afternoon, October 30th, at 2 o'clock.

Orangeburg, Friday night, October 30th, at 7.

Hon. W. A. Byron, of Brooksville, and Mr. J. N. Kehoe, of this city, will be present with Mr. Thomas at Murphysville meeting and will speak. Mr. Byron will also be with Mr. Thomas at the Mayslick meetings. All are invited to hear them.

Mr. W. P. Hall will address the Democracy of Minerva next Saturday evening at that place.

Geo. W. Sulser will address the voters of Lewisburg precinct at Lewisburg on Saturday evening, October 31st, at 7 o'clock. Voters of all political parties invited to be present.

Maysville Republicans had a big parade last night, followed by a meeting at the opera house where Mr. Hoyt, of Ohio, spoke. Mr. Hoyt denounced all Bryan followers as anarchists. Democrats who heard his speech say it was the worst "political rot" they have heard this campaign.

WEDDED AT BROOKSVILLE.

Marriage Wednesday of Mr. James E. Molloy and Miss Bettie Lewis Donovan.

October weddings have come thick and fast, but none were prettier than the ceremony that united the destinies of two of Mason's popular and worthy young people, at St. James Church, Brooksville, Wednesday morning.

The contracting parties were Mr. James E. Molloy and Miss Bettie Lewis Donovan, and Rev. Father Cusack, in his own inimitable way, conferred the impressive and beautiful sacrament of matrimony and nuptial blessing which united these two hearts.

The ushers were Messrs. W. P. Dickson and J. E. Cooke, of Germantown.

No invitations, yet the church was filled with congratulating friends, and if the happy couple realize a fraction of the happiness wished them, theirs will be a flowery path.

The bride is one of our county's fairest daughters, was educated at the Visitation Academy, this city, and is a young lady whom nature has endowed, and cultivation enhanced every lovely virtue of heart and mind that constitute the perfect woman. On this occasion she was charmingly attired in a lovely gown of steel color, trimmed with pearl and chiffon, with hat and gloves to match, and carried a large bouquet of white chrysanthemums.

The groom is the youngest son of the late Peter Molloy, and stands high in the foremost file of Mason's most progressive and successful young farmers. Always handsome, he looked superlatively so, in the "conventional black" and standing before the altar with his bonnie bride—Apollo might be justly jealous. Immediately after the ceremony the couple drove to this city and left on the afternoon train for a trip South.

Good wishes, happiness and prosperity attend them.

If the Chicago Times-Herald ever has a lucid moment somebody should ask it if it honestly believes that the silver standard of China has anything to do with the custom of disposing of mentally and physically deformed children? Or if the silver standard of India causes the mother to throw her children into the Ganges to be devoured by the crocodiles? Or if the gold standard of the United States prompts a crowd of "foremost citizens" to burn a black man at the stake, or lynch a bevy of citizens of China, and presumably silverites?—Chicago Journal. If the gold standard and the Wall street clique have their way wheat will go to 25 cents a bushel. Read what John L. Webster, the leading Republican orator of Nebraska has to say about cheap wheat:

"The silver coinage men tell us that free coinage will advance the price of wheat to what it formerly was, or nearly so. They tell us that wheat will sell for \$1. Suppose it does, I want to ask them whether the people of Nebraska are most interested in high wheat or cheap wheat. In our state perhaps 25,000 farmers raise wheat. Say that each of those farmers has a family of five, that makes 125,000 people in Nebraska interested in high prices for wheat. But how about the 850,000 other people in Nebraska who buy wheat flour? Are they not interested in having cheap wheat? I leave it to them whether this Jeffersonian bimetalism to raise the price of wheat is what they want."

It certainly is. Mr. Webster is mistaken when he assumes that the people of the United States favor the impoverishment of the farmers. They want the farmer to have a fair price for his wheat, and the workman to have a fair wage for his toil. Gold monometallism means cheap wheat, low wages, cheap homes, and the death of the republic.

Show me a man who makes money out of legislation and I will show you a man who abuses the people when they want legislation for themselves.—W. J. Bryan.

Silver or Nothing.

The following serves to show how the United States treasury meets its obligations, and is the nature of an object lesson:

"Constable William Swinburn is an ex-soldier. He is also a pensioner.

"This morning Mr. Swinburn received a check for \$36, this being the amount due him each three months. He carried the check to the treasury department and asked the official to give him either United States greenbacks or gold. He explained that he wanted to send the money to Toronto, Can., and that there was a 10 per cent. discount on our silver in that country. He could not afford to lose \$3.60.

"The gentleman behind the screen informed him that it was not possible to comply with his request. It was a case of silver or nothing.

"Mr. Swinburn concluded not to accept the latter, at least temporarily, and carried his check away."

And Mr. McKinley (free silver advocate until the St. Louis convention) says that no money is too good for an old soldier. They paid him greenbacks during the war. The government pays him silver now. J. Pierpont Morgan has the gold.

Show me a man who has made money out of unjust laws, and he will deny legislation can be of benefit to anybody.—W. J. Bryan.

A. Boyd Hamilton Dead.

HARRISBURG, Oct. 29.—A. Boyd Hamilton died at midnight from the effect of a stroke of paralysis. He was 89 years old. Hamilton learned the printing trade with Simon Cameron and held the position of assistant clerk of the state senate, printer to both houses of congress and state printer. He was a descendant of John Harris, the founder of Harrisburg, and of William MacLay, first United States senator from Pennsylvania.

True Democracy.

They talk to us of the security of private rights and property, these preachers of platitudes and distorters of truth. We of the true Democracy see private property in the humble home or the little farmhouse, and if either be burdened with a mortgage we insist that private rights are exorbitantly outraged by a monetary system which exacts two bushels of grain to pay for one, two days' labor to earn the bill that stood for but one day's work when borrowed. All rights are not comprised in the demands of the great moneyed corporations, all property is not bonds and mortgages and evidences of debt, all law is not for the protection of the creditor, for the advantage of corporations, for aiding in the concentration of wealth.—New York Journal.

If you ask me what the campaign song ought to be this year, I will tell you there is no better than "Home, Sweet Home."—W. J. Bryan.

In a Nutshell.

1873—Demonetization of silver—Panic, hard times, soup houses, tramps, business stagnation, and paralysis of trade, ending in the great strike of 1877.

1878—Bland-Allison law—2,000,000 silver dollars coined and circulated per month. Business revival, railroads built, factories opened, capital invested, and foreign trade increasing until

1893—Repeal of the Sherman act, withdrawal of capital, Indian wheat in Europe, great Pullman strike, failures, \$262,000,000 bonds, contracted currency, 5,000,000 men out of work, factories shut down, and farmers in want.

Catholic Missionary Dead.

TORONTO, Oct. 29.—Father Jibra, a well known Roman Catholic missionary, who came to this country from France more than 40 years ago with Bishop Charbonnel and who labored in the vicinity of Lake Simcoe for a quarter of a century, died last night.

Escaped From Jail.

NEW YORK, Oct. 29.—Peter Jacques, or James, one of the trio shot by William Adams at Bedford station on Aug. 20, on the night on which Postmaster Walker Adams was murdered, made his escape from the jail at White Plains last night.

One Hundred Rebels Killed.

LONDON, Oct. 29.—A telegram received here from St. Paul de Londa, Portuguese West Africa, says that the Portuguese expedition has just punished the rebellious Bendo natives, burning 24 of their villages and killing 100 of the rebels.

Turkish Troops Defeated.

ATHENS, Oct. 29.—At Taxis a band of Macedonian insurgents has defeated a detachment of Turkish troops after a long engagement, in which 90 of the Turks were killed and eight captured.

Collapse of a Platform.

NEW YORK, Oct. 29.—James A. Smith had a leg broken and George Phillips was severely injured by the collapse of a platform at a Democratic massmeeting last night.

EGG THROWERS ARRESTED.

No One Appeared to Prosecute Them and They Were Released.

CHICAGO, Oct. 28.—Chauncey Foster and L. J. Hanchett, two of the four students of the Metropolitan business college accused of having thrown eggs at W. J. Bryan and Mrs. Bryan during the parade Tuesday past the college, were arrested about noon by Detectives McCaffrey and Fay, who were working on the case. The two boys are the sons of well-to-do South Side families, 17 years of age. Later in the day Foster and Hanchett confessed to Chief of Police Badenoch that they had thrown the eggs.

Thomas Gahan, chairman of the Democratic committee, soon after this received the following letter from Mr. Bryan, regarding the matter:

AUDITORIUM HOTEL,
CHICAGO, Oct. 28.

DEAR MR. GAHAN: I wish you would ask for the release of the boys arrested for throwing the eggs. I am sure it was an act of thoughtlessness and their arrest has doubtless been a sufficient lesson to them and to others. Yours truly,
W. J. BRYAN.

Late in the afternoon the chief of police was compelled to release the two young prisoners, as after Mr. Bryan had written his letter asking for their release, it was evident that there would be no prosecution if the prisoners were arraigned.

Before the prisoners had been released word was received from both of their families saying that the law could take its course, as no part in the defense would be taken by any of their relatives.

ILL-ADVISED REMEDY.

A Child Strangled by a Mixture of Burnt Alum and Copperas.

MARION, Ind., Oct. 29.—Mrs. E. J. Lee of Gas City, is in a condition bordering on distraction, because of the fatal results that attended an attempt on her part to relieve a sick two-year-old child. The infant had a sore throat, and the mother, being fearful of diphtheria, made a preparation of burnt alum and copperas, which she blew into the child's throat and nostrils.

The mixture filled the air passages leading to the lungs, and the child strangled to death in less than two minutes, before the mother's eyes. It is feared that Mrs. Lee will go insane over the result of her ill-adviced remedy.

FIREMEN HURT.

Hotel Burned and Several People Injured at the Fire.

ATTALA, Ala., Oct. 29.—W. P. Sheehan's hotel was destroyed by fire late at night. Three of the volunteer firemen were badly injured by a falling roof, one of them, Walter Cox, having both thighs broken.

McDonough and Parrish, two spectators, were also injured. Cox also received internal injuries and is not expected to live.

Loss on building about \$2,500; fully covered by insurance.

Coal Miners Return to Work.

EAST LIVERPOOL, O., Oct. 29.—A compromise has been agreed on between the striking coal miners at Salineville and the operators. The strike has been on since February, when 700 men walked out for a screen an inch and a half in size. Under the compromise a slight change is made in the screen and the men are given 45 cents.

Traveling Salesman Injured.

LEBANON, Ind., Oct. 29.—George A. Rippey, a traveling salesman, who has been located here for several weeks, was seriously injured at the Big Four depot while waiting for a train. He caught his heel in a hole in the platform as he was walking and was thrown violently to the ground. His hip was dislocated in the fall.

Bud Black Safe in Jail.

KNOXVILLE, Oct. 29.—Bud Black, the negro who killed two men at Coal Creek Monday night, is now in Knoxville jail. He was arrested Tuesday near the scene of the shooting, and a mob at once began to gather, so Sheriff Demareus did not take his prisoner to Clinton, but at once brought him on to Knoxville.

John L. Sullivan's Affliction.

BOSTON, Oct. 29.—John L. Sullivan, ex-pugilist champion, is the victim of cancer. The trouble has developed in the right arm, and Dr. Galvin, of the Emergency hospital, upon whom Sullivan called for treatment, says that unless Sullivan takes great care, he will lose his arm.

Gold Reserve.

WASHINGTON, Oct. 29.—The treasury yesterday lost \$358,300 in gold coin and \$10,500 in bars, which leaves the true amount of the gold reserve \$118,732,040.

Indications.

Increasing cloudiness, followed by rain Thursday night; winds shifting to east with increasing cloudiness, force probably becoming dangerous on Lake Erie.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
